

BioWorks Supports Purdue Student Intern

Purdue University student Todd Moulton was awarded a summer internship at the Purdue Horticulture Greenhouse, with partial support from BioWorks, Inc. Todd is currently a senior Horticulture major at Purdue concentrating in Horticulture Production and Marketing.

As part of his internship, Todd was responsible for carrying out a number of research trials, setting up experiments on several greenhouse crops, gathering data, and generating reports. Todd has worked at the Purdue Horticulture Greenhouse for 2 years as a student technician, working on building projects and maintaining plants. After graduation, Todd hopes to work as a commercial greenhouse operator.

BioWorks, Inc., a privately held company, provides environmentally responsible, safe and cost-effective solutions to the agriculture industry. BioWorks is a founding member of the BioPesticide Industry Alliance.
