

BioWorks®
How You Grow Matters™

Soil Mix

RootShield® PLUS Granules

1. Custom blend rates:
1.5 to 3 pounds (lbs) per cubic yard (yd³) of mix, or a minimum of four, 40 lb. bags per truckload of mix (100 yd³).
2. Effective in all mixes:
Potting, germination, plug and general purpose. RootShield PLUS Granules is compatible with bark containing mixes.
3. Long shelf life in a premix:
Viability when mixed at 1.5 lb. per yd³:

Temperature, F (C)		Time (weeks)
5	(-10)	12
40	(4)	20
77	(25)	20
100	(37)	8

RootShield PLUS WP Coverage Recommendations

Rate: 6 oz/100 gal.

- | | |
|---|------------------------------|
| 1. Plug trays, flats and pots less than 4-inches deep | 100 gal./800 ft ² |
| 2. Beds and pots 4-inches deep or deeper | 100 gal./400 ft ² |
