ENVIRONMENTAL PRECAUTIONS: Do not discharge into the drains/surface waters/ground water.

METHODS AND MATERIAL FOR CONTAINMENT AND CLEANING UP:

SMALL SPILLS: Use appropriate tools to collect the spilled material in a convenient waste disposal container. Complete the cleaning by pouring water on the contaminated surface and disposing of the material as approved by the authorized local and state requirements.

LARGE SPILLS: Stop leak without causing any risk. Do not get water inside the container. Do not touch spilled material with bare hands. Use water spray to reduce product fumes, if any. Prevent entry into sewers, basements or confined areas; dike the area if required. Call for assistance on disposal. Finish cleaning by spreading water on the contaminated area and allow disposal through the sanitary system. Be careful that the product is not present at a concentration level above TLV. Check TLV on the SDS and with local authorities.

7. HANDLING AND STORAGE

SAFE HANDLING: Keep the product in a locked facility. Do not allow children and unauthorized persons to handle the product. Wear suitable clothing when handling the product. Avoid contact with eyes, skin, and mouth. Seek medical advice immediately when needed and share the label or container with physician.

STORAGE: Keep the container tightly closed and away from children. Store the product in a cool, well-ventilated place away from direct sunlight.

8. EXPOSURE CONTROLS, PERSONAL PROTECTION

EXPOSURE GUIDELINES: This product does not contain any hazardous substance with any occupational exposure limits established by regional specific authorized body.

ENGINEERING MEASURE: Ensure adequate ventilation, especially in confined area; provide adequate exhaust fans as required to ensure that workstation areas are devoid of any bad air or the airborne levels are below the acceptable norms. Provide relevant arrangements wherein the dust, if generated, is cleared as soon as possible. Ensure that the eyewash stations and safety showers are close to the workstations.

PERSONAL PROTECTION: Use gloves, safety goggles, protective clothing, protective respirators and other safety personal protection equipment. Ensure that the handler in case of large spills or leaks follows all safety guidelines.

PROTECTIVE AND HYGIENE MEASURES: At work, do not eat, drink or smoke. Keep away from food, drink and animal feed. Wash hands before breaks and at the end of workday. Provide an eye bath.
